NUMBER 24

RAILROAD MEETING—PUT ADAIR ON THE MAP.

Last Saturday afternoon a meeting was held in the court-house to hear the proposition of Hon. W. G. Hunter, of Louisville, concerning the building of a railroad from Columbia to some point on the L. & N. at Campbells-ville, Greensburg or between the two places. A good number of our citizens were present, and sufficient interest shown to justify an effort to meet the terms proposed, which are as follows:

Dr. Hunter and associates agree to build, equip and put into operation a steam line of railroad from some point on the Greensburg branch of the L. & N., to Columbia, by January the 1st, 1917, if the people of this section will give the right of way, survey, etc., and \$40,000 cash when the road is completed, and in operation Gen. James Garnett, of Louisville, conservative in his estimate of men, stated that he had investigated the ability and resources of the parties who propose the building of the road and that he is convinced of their good faith and that they are amply able to build it. Dr. Hunter made a painstaking explanation, outlining his plans and giving the name of his associates and the reason for asking the contribution, to which no one interested in the development and welfare of this part of the State could object. It is a clear, clean proposition made by parties fully able to do what they agree to do, and is submitted to the people of this county for immediate acceptance or rejection. The cost of securing the right of way, surveys and organizing expenses is the only money necessary to be spent by our people until the road is completed, and not a dollar of this to be collected or used until a contract has been made with Dr. Hunter and associates to build the road. Just what will be needed to do this is problematical, but certainly will not be expensive. There is an abundance of evidence to believe that the right of way will be freely given by the land owners through whose property the road would run, and good reason to expect substantial aid from the people at the other end of the line. To make a long story short it is unquestionably the supreme time for the people of Columbia and Adair county to put up or shut up. There is no time for parleys, long-winded discussions and submitting other propositions, for the promoter of this enterprise has fully and thoroughly worked out every detail that leads to the proposition submitted and no other. We all agree that we need the road; that it would bring rapid and substantial development; that we are able to meet the requirements, but are we willing to do it? Failure to do so would be worse than folly—it would be business suicide. The proposition of Dr. Hunter appealed so strongly to all those who heard it, that an organization was immediately formed to press the work to a successful conclusion if it can be done in the short time given. Several thousand dollars were pledged, and all present indicated a hearty endorsement. Certainly it would be more preferable for some company to build a road without any expense to the people, but for more than a hundred years this has failed, and this and future generations will possibly share a similar fate in pursuing a similar plan. The watchful waiting policy must be abandoned in this, or we will lose that which we need. Ten days is the time limit for us to accept and win, or reject and lose. It is now time for actual field work and the parties, as we understand, have other opportunities to use their money and energies. If you want a railroad subscribe to the fund as much as you can and join in the work. If we all get busy the amount can be secured in less than half the time we have. It is the purpose to give every citizen of Adair county an opportunity to assist in securing the road, and you are urged to join in the work at the earliest hour possible to raise the money necessary to secure its building. Next Saturday at 1 o'clock, is the hour set for a report from all the workers, and it is hoped that every citizen in this county interested in securing a railroad, will be present, and if the amount has not been secured at that time, to join in a closing effort to make it a certainty, and authorize the closing of a contract for its building. Delay is dan-

gerous. Opportunity is knocking at our door. It's a chance of a life time, and means so much for the industrial development of this section, that no man should hesitate to do all within his power to secure it, and do it at once. The ten days time expires next Tuesday, and we win or lose. A few men can not do the work in this time. It will take the town and the county to make it certain.

Louisville, Ky., Apr., 10 1916.

The following dispatch to C. S. Harris, Editor of The News, was received late Monday afternoon: "You may say for me that Dr. Hunter and myself are prepared to guarantee to the people of your community who subscribe to the fund against losing the sum paid for surveys and organization. A construction company will be ready to build the road when you have secured the right of way, and the bonus which your citizens are asked to donate in accord with the proposition made by Dr. Hunter."

"J. T. Gathright."

Also this message was received same date, to the same party, from Mr. S. H. Newbold, Louisville: "I will subscribe \$500 to the enterprise."

\$25 a Week.

Easily made by lady or gentleman; no capital nor experience needed.

Apply: S. Stein, 1245 First, Louisville, Ky.

If we fail to get the road you will not lose a dollar regardless of what you subscribe. No road, no pay. It's a safe proposition, but the time is short for action.

The Woodman Reel.

As had been advertised for several weeks, a Modern Woodmen reel was put on at the Parlor Circle, last Wednesday night. This exhibition was for the benefit of the local Camp, and for all others who are interested in the order. The feature of the picture was the showing of the Modern Woodmen Sanatorium, located at Colorado Springs, the patients and the manner of treatment of members who had become afflicted with tuberculosis. One patient who was in the last stage of consumption, was shown, bidding his wife and children, in his Missouri home, farewell, and leaving for the Sanatorium. He could scarcely walk when he left, and in nine months he returned and embraced his family, a well man. The picture brought tender emotions to every one in the audience, besides it showed that the order was doing a grand work for suffering humanity. The picture was pathetically explained by Mr. J. W. DeHart, who is the State Manager for the institution.

All who witnessed the exhibition were delighted, and were also loud in their praise of the grand work that is being done by the Modern Woodmen of America.

There is not a doubt about securing the building of a railroad to Columbia if we get up the money required from the people of this county in the next ten days.

Ladies, Notice.

You are invited to call and see my artistic line of hats before buying. They are the very latest creations. I can save you money.

Miss Virginia McLean,
at McLean's Store,
Cville street.

Local Minister Dies.

Rev. G. R. Abrell, who lived in the Glenville country, Adair county, died last Saturday night. He was 70 years old the 6th of last January. He served in the Union army during the war of the rebellion, and since the war was a local minister in the Methodist Church. He was also a Master Mason, a member of Glenfork Lodge. The funeral was largely attended, the Masons officiating.

Enjoy a good game of ball next Saturday at Lindsey-Wilson. St. Mary's vs. Lindsey. Admission 25c, 10 extra in grandstand.

High School Notes.

Dr. M. B. Adams, Pres. Georgetown College, will deliver the Commencement address to the Senior Class of the High School May 11, at 8 o'clock, p. m., Christian church.

Dr. D. M. Sweets, Editor Christian Observer, Louisville, Ky., will preach the Baccalaureate Sermon at the Presbyterian Church Sunday morning, May 11, 8 o'clock.

On Tuesday evening, May 9 at 8 o'clock the Class Day Exercises will be held at the Gymnasium.

Come to Columbia next Saturday afternoon and hear the report of the workers, who are raising the railroad fund.

Died in Henderson, Ky.

Mr. Henry Baldauf, who was the father of Mr. Leo Baldauf, of this place, died suddenly at his home in Henderson, Ky., last Saturday morning at 4 o'clock. He was 77 years old and was a prominent man in Jewish circles. He carried on a farm, and was also in the brokerage business. Mr. Leo Baldauf was in Louisville when he received the news of his father's death, and he left at once for Henderson.

The organization to be formed in this county to be known as the Columbia Railroad Company will have the power and exercise the right to locate the road. It may, and doubtless will have a preference, as to Greensburg or Campbellsville, or to a point between the two, but it will decide that at the proper time to its best interest. So it seems that the people of Green and Taylor counties ought to take notice that it will be to their interest not only to be friendly to the enterprise, but active in assistance for we are going to connect with one or the other or split the difference wide open. The fact is we are forced to discard preference for the line of least resistance and most attractive. If you want to 'join' in get busy. If you have no interest we'll arrange for the connection.

Don't subscribe the smallest amount you think you can get off with, but put it down for the largest you can afford to give if you want the road. It will take a liberal subscription to secure it.

Special Notice.

All accounts due the firm of Gill & Waggener, not paid by May the 1st, will be placed in the hands of a collector, as the old business must be settled at once. Gill & Waggener. 24-26

Fiscal Court of Adair county adjourned last Saturday afternoon. A great deal of business was transacted, all of which will be published later. The levy for this year is as follows: For county purposes, 50 cents; for school purposes, 20 cents; poll, \$1.25; School poll, 75 cents.

For Sale.

Our three houses and lots. One located on Bomar Heights, with one acre of ground. The other two in White City. Also 10 acres of timbered land. Now we want to sell and now is your opportunity, if you want property in town. We will sell at a bargain. Reason for selling want to go to Indiana. For further information call on—

T. G. Rasner & Sons.

Mr. Albert Burton, of Purdy, and Miss Minnie Gilles, of Ella, secured licenses to wed a few days ago. Mr. Curtis Absher, of Absher, and Miss Minnie Shepherd, of Garlin, also were granted licenses for their union.

Come to town if you don't understand the railroad proposition and it will be fully and thoroughly explained.

T. E. Waggener's new spring goods will be received this week. Call at the store.

Considerable frost here last Thursday morning. On account of a heavy fog, it did no damage to vegetation.

Mr. Walker Bryant was going lame all last week, as the result of stepping on a nail.

A light snow fell here last Saturday.

The Passing of Wife and Husband.

Last Tuesday, after a long illness, Mrs. Clemmie Montgomery, who was the wife of Wm. Montgomery, died at her late home, near Ozark, this county. She was seventy-seven years old and had been a member of the Christian Church for many years.

Her husband, who was about eighty years old, brooding over the death of companion, sickened and died Thursday morning. The couple leave several children, Mr. Clarence Montgomery, who is a merchant at Ozark, being one of the number. The two old people were highly respected in the neighborhood, and will be greatly missed. Elds. J. Q. Montgomery, of Liberty, and W. G. Montgomery, of Campbellsville, are nephews. The funerals were preached by the latter minister, a large circle of relatives and friends being present.

Married at Bowling Green.

Last Thursday forenoon Mr. George Yates, of Bradfordsville, son of Mr. J. Cager Yates, was married to Miss Catherine Ashmore, a student of the Western Normal School. Following the ceremony which was performed by Rev. F. S. Gibson, Mr. and Mrs. Yates left for a trip to the Western part of the State. The bride's home is at St. Charles, Hopkins county. The couple will make their future home in Bowling Green.

After so many efforts have been made to secure a railroad and so much loss has resulted to the people of this county by being off a road it does seem that we ought not to allow the present opportunity to slip.

The K. E. Association.

This association will meet in Louisville April 19th, and continue four days. This will be a great meeting which no live, progressive teacher can afford to miss. Some of the great educational lights of the nation will address the meeting. I hope that as many teachers as possible will attend from Adair county, as they sure would receive a great benefit. Reduced fare. T. Huffaker, S. S. A. C.

For Sale.

A thoroughbred Poland China male hog. If you want to buy or breed you will find him at my farm, 2 miles southeast of Cane Valley. 24-3t

W. E. Keltner.

Don't be deceived, the people of Columbia can not nor will not foot the entire expense in securing the railroad. They will do their part and the people in the country must do theirs if the road is secured.

Rev. W. L. Brock, of Louisville, who is the Secretary of the Baptist State Sunday-school work, made a very interesting talk in the Baptist church, this place, last Thursday forenoon. He was accompanied to Columbia from Campbellsville, by Rev. Z. P. Hamilton, who is also engaged in Sunday-school work.

Mr. E. L. Jones, of Hatcher, on account of bad weather, failed to get here last Saturday with his fine horse. Every farmer who has a good mare should be in Columbia and see this fine animal.

If we all get busy and keep busy we can get the necessary money to secure the building of the railroad in ten days as well as if we had six months time.

Columbia Lodge, No. 96, F. & A. M., will meet next Friday night. A full attendance is desired, as likely there will be two for the first.

Dr. W. F. Cartwright has purchased an auto, through Sandusky Bros., and he is now using it, the machine having arrived last Wednesday.

Attention is called to the new advertisement of Woodson Lewis, Greensburg, in this issue of the News.

The report of the Treasurer of the town of Columbia is published on our second page.

Five weeks until the schools in this place close.

"The Time of His Life."

A clever three-act comedy will be given at Lindsey-Wilson, Friday night, April 21st at eight o'clock. Tom Carter impersonates his sister's colored butler and has "The Time of His Life" a little more strenuously than was his intention. Complications arise amusing to the audience, if not to Tom, who, however, works his way out of these difficulties and comes into possession of a gold mine,—and incidentally an heiress.

Come and enjoy an evening of pleasure and amusement. Admission 15 and 25 cents.

Notice to Stockmen.

DUKE of ADAIR, my Famous Registered Saddle and Harness Stallion, will make the present season of 1916, at my barn, 1 mile North of Montpelier, on Russell's creek, at \$8.00 to insure a living colt 10 days old. Duke needs no advertising. All there is to do is to look over the county and when you see one sired by Duke you will see a good one.

Also

BLACK HAWK, my Noted Mule Jack, will serve mares at the same time and place, at \$6.00 for a horse mule and \$7.00 for a mare mule. In both cases money due when colt is foaled, or mare traded or sold. In both cases all care will be taken to prevent accidents, but not responsible should any occur.

V. M. EPPERSON,
Montpelier, Ky.

It is not a question of what you want to give to secure the railroad, but what you must give.

Base Ball.

The team from St. Mary's College will play the Lindsey-Wilson team here Saturday. This is always looked upon as the best team that plays here, and a good game is expected. The local boys are in good form and will work hard to win. A new grand stand has been built and with commodious seating capacity for a large number.

The street leading from Mrs. Marcum's home to the graded school building, is to be made very attractive. All the grading to be made by the town board, and a concrete bridge is to be made at the branch crossing this side of Mrs. Follis' home, and concrete walks, on both sides, to the school building. Shade trees will then be planted, and in a few years it will be one of the most beautiful streets in the town. Other walks in town are being considered, and ere long you will be able to go on concrete to any point in the corporate limits that you may so desire.

For Rent

A cottage. Apply to Edwin Cravens. Mrs. Sallie Bradshaw.

Do not fail to come to Columbia next Saturday if you are interested in a railroad.

Mrs. Bertha Loher, a Missionary, who has spent twenty-five years in India, delivered a very interesting address at the Christian church last Sunday afternoon. To those who knew but little of the history of India, her stories, telling of the customs, habits, etc., in that benighted country, were of special interest. She is engaged in a grand work, and will remain here the remainder of this week. Thursday afternoon, she will again speak to the ladies, in their room, at the Christian church.

State Senator C. F. Montgomery, of Liberty, met a great many of his Adair county friends here last Friday. There is a probability that he will enter the contest for the Democratic nomination for Congress in this district. He would be a popular candidate.

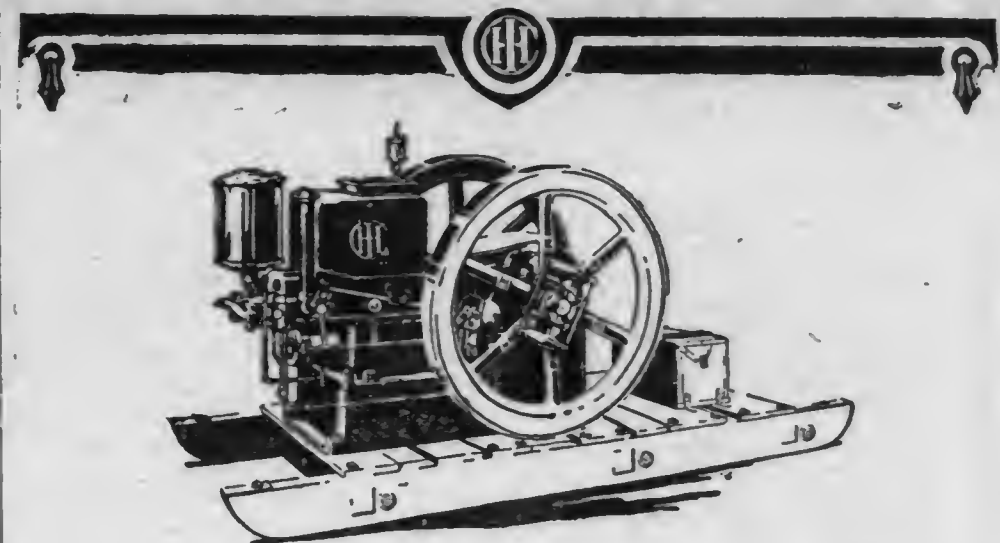

The Presbytery of Transylvania meets this week at Danville. Rev. Chapin will attend, and will be away over next Sabbath. There will be no services at Union Church next Sabbath.

The next ten days will mean much for this county. We win or lose in that time.

Are You Wasting The Price Of a Titan Engine?

TITAN engines run on kerosene.

Average cost of gasoline so far this year, 16.9 cents per gallon.

Average cost of kerosene 7.7 cents per gallon.

Gasoline costs over 100 per cent more than kerosene. Gasoline is going up steadily. Kerosene is not.

At present fuel prices Titan engines, using kerosene, save their owners about 1.1 cents per horse power per hour.

Are you running a gasoline engine? What horse power is it? Figure what you'd be saving if you had a Titan kerosene engine. Rather surprising, isn't it? How long would it take that saving to pay for a Titan engine of the same size?

SAVE THE SHEEP?

Every farmer ought to raise some sheep. Had you ever thought about how much clear money there is in a bunch of sheep? They will yield more money than most anything else on the farm. We know of some flocks of sheep that have produced more than 200 per cent clean cash in less than 12 months. Now, what can beat that? Nothing but more SHEEP. Improve your sheep until you have the very, very best.

WOOL! WOOL! WOOL!

Won't you bring or ship it to us, to be manufactured into fine large Blankets, Linsey, Jeans, Yarn, &c.? Or we will pay best cash prices for same.

Write us right now, lest you forget, for samples, prices, shipping instructions, and other information.

The Poor.

The cold weather of the winter has set us all to thinking of the poor. We wonder to how many of us the weary, dreary phrase of hopeless poverty is anything more than a romance. Sitting in our warm and comfortable homes, by pleasant fires with luxurious beds waiting to receive our well-fed bodies, we can have no comprehension what grinding poverty means than an angel in the full glory of paradise can know of the deep depths of hades. Think of No fuel, Absolutely none. No bed, but piled up rags; little children waiting with cold and helpless hunger; closets bare as old Mother Hubbard's; smells that reach high heaven in their foulness. And in their depth of poverty, to which even our imaginations can hardly descend, lies a lurking curse like the wild beast in its lair. The sordidness of poverty eats out the soul of a man as a tiger drinks blood. Brutality, apathy, the cruelty of fiends are begot when pride and ambition die utterly.

Troops To Go After Villa.

The United States entered into formal agreement with the Carranza de facto Government of Mexico under which American troops will cross the border to hunt down Villa and his bandits with the expectation of hearty co-operation from the Carranza forces. It was announced by Maj. Gen. Funston that Brig. Gen. Pershing would lead the main column into Mexico and that practically the entire United States army would be utilized either in the expedition or to patrol the border. There were 3,500 troops reported last night at Columbus, N. M., and regiments were reported moving out from Galveston, San Francisco and Nebraska to the border.

Francisco Villa has deserted his supposed mountain refuge and headed East, according to reports received at Jaurez last night. This move apparently takes the bandit away from the point where the American troop mobilization is the heaviest, but not into a part devoid of dangers of capture.

Danger of grave complications growing out of the sending of American troops into Mexico was urged in the Senate by Senators Chamberlain and Borah in advocating laying aside temporarily all other legislation in order to dispose promptly of preparedness measures.

For Your Child's Cough.

If your child has a cold, nose runs or coughs much get a small bottle of Dr. Bell's Pine-Tar-Honey. Its a pleasant Pine-Tar-Honey syrup, just what children like and just the medicine to soothe the cough and check the cold. After taking, children stop fretting, sleep good and are soon entirely well. Works Wonders for Sick Women

STELLA-VITAE cured this woman, who had suffered for 25 years. Give it a chance to cure YOU!

WHAT STELLA-VITAE HAS DONE for one woman is well told by Mr. S. J. Hendrix, of Pecos, Texas, who gratefully writes us:

"For twenty-five years I had from one to three Doctors treating my wife for female troubles, and tried various patent medicines and she only received temporary relief. We tried STELLA-VITAE and to our surprise it restored her to better health than she ever had. It did a wonderful work in her case."

STELLA-VITAE acts directly upon the female organs and functions. It tones and strengthens the muscles and tissues, builds up and restores the whole system when run down and wasted by disease, soothes and adjusts the delicate nervous organization to that harmonious balance so necessary to perfect womanly health.

STELLA-VITAE regulates the functions peculiar to women, stops wasting and relieves dangerous suppression, banishes the terrors of those periods so dreaded by weak, nervous, run-down women.

STELLA-VITAE does not force nature, and is of remarkable benefit at all times and under all conditions. Its use during pregnancy benefits both mother and child.

We guarantee the first bottle of STELLA-VITAE to benefit you. If it don't you get your money back. If it does, your dealer is authorized to sell you six bottles for \$5.

Try STELLA-VITAE on this "all to gain and nothing to lose" basis. Try it TODAY.

If you are sick there is no time like NOW for trying STELLA-VITAE.

The State Senate is in session at Frankfort, to pass upon the impeachment proceedings against Judge J. Williams, of McCreary county. It is a costly sitting.

The pursuit of Villa progresses very slowly on account of the lack of railroad facilities. Secretary of War, Baker, says there is no truth in the report that the United States soldiers will be withdrawn from Mexico.

Miss Anna Lee Stitzel, shot and killed her father in Louisville last week. Her father was 77 years old and was a great sufferer with rheumatism. The daughter brooded over his condition until her reason became dethroned, and she said she killed her father that he might be relieved of his misery. After killing her father she made three attempts to kill herself.

S. W. Hager, Chairman, has called a meeting for the State Central and Executive Committees, which will be held at the Watterson Hotel, Louisville, next Friday. The object of the meeting is to fix the time and place for holding the Democratic State Convention, to name delegates to the National Convention. The manner of selecting county delegates to the State Convention will also be determined.

The many friends of Mr. Robert T. Caldwell will be glad to learn that he is rapidly forging to the front. He is the author of the Workmen's Compensation Bill, which recently became a law. Governor Stanley appointed W. R. Thomas, of Warren county, S. W. Hager, of Daviess county, and Robt. T. Caldwell, of Louisville, members of the Board, the latter being selected as chairman. Mr. Caldwell's mother was born and reared in Columbia, her maiden name being Miss Audie Read.

WAR SITUATION

Throwing huge masses of men into action, the German Crown Prince has renewed his drive against Verdun from the northwest, attacking the two principal salients on the Avocourt-Bethincourt fronting and succeeding in penetrating the French center by storming the village of Haucourt.

The Germans forced their way into Haucourt in the course of a sanguinary battle which lasted all last night. Patis admits that the Germans secured a footing in the village, which lies just south of Bethincourt and about three miles west of Dead Man's Hill, but declares that it is held under the fire of the French guns from dominating positions.

At the main point of attack along this front the Germans were unsuccessful, being held in check before Bethincourt by the fire of the French artillery and infantry.

Meanwhile the French were themselves on the offensive slightly west of the scene of the main action. They sallied forth from the Avocourt redoubt and successfully carried out an operation for connecting the redoubt with another French work on the edge of the woods north, occupying a large section of the area known as the "square."

Heavy fighting also occurred east of the Meuse, in the Vaux-Douaumont sector. No ground changed hands, however, as it is declared that German attacks on the Caillette Wood were repulsed, while Berlin reports a similar result for French counter attacks.

Just west of the Argonne region the French made a surprise attack on a German trench near St. Hubert, inflicting heavy losses and taking a few prisoners.

In the action which resulted in the German occupation of Haucourt Village the French lost eleven officers and

TOXICATIONS
SELF POISONING

Few Realize Causes of This Form of Ailment.

Few realize what a great number of people, among those who live in such cities as this, suffer from auto-intoxication. This condition, which has caused so much discussion, is nothing more nor less than a slow self-poisoning of vital organs. It is the very foundation of many ailments.

When the organs become weakened from any cause they are unable to throw off the accumulations of waste matters. The putrefactive germs soon begin to get in their deadly work and the sufferer finally is a direct victim of poisons generated right in his own system.

Among the common results of this auto-intoxication are jaundice, hard cold, constipation, indigestion and fermenting of food, biliousness, sick headaches, backaches, diarrhea, dizziness, pains in the kidney region and nervousness.

Tanlac is designated especially to combat this condition of congestion brought about by auto-intoxication. Its properties as a tonic and invigorant tend to throw off the poisons and to spur the organs back to needed efforts—in short, to clean them and to make them normal again.

To an automobilist it might be said that Tanlac acts as a spark plug in the human mechanism. It starts the vital engines and then keeps them going at a properly regulated speed.

Tanlac is now obtainable in Columbia at the Page & Hamilton, where it is being daily explained during the constantly increasing demand. T. C. Moore & Co., Gresham.

531 unwounded men taken prisoner.

A desperate all-night struggle around Verdun resulted in substantial gains for the French West of the river Meuse, according to Paris bulletins, while East of that stream German attacks on French positions were repulsed. At one point along the Avocourt-Bethincourt line, however, it is admitted that the Germans succeeded in penetrating French positions.

The French again were scored north of Avocourt, northwest of Verdun, where in the course of the engagement that began in the afternoon and continued throughout the night Gen. Petain's troops succeeded in capturing a large portion of the position known as Bois Carre or "Square Woods."

German attacks northeast of the city were directed against the lines north of the Caillette woods, where Paris reported a French gain yesterday. The efforts of the Germans to regain the lost ground are declared to have been futile.

The French Ministry of Marine announces the sinking of a German submarine by a squadron of French and British warships. The submarine's crew was captured.

The British steamer Zent has been torpedoed without warning, according to a Queenstown dispatch. Two men were killed and forty-eight others probably drowned. The captain and nine of the crew reached Queenstown safely.

We are having some very cold weather at this time.

The few days of warm weather the first of the week, got our farmers in the notion of planting corn.

Herschel Shirrell continues in a very critical condition.

Strong Hill and W. B. Moore were at Greensburg a day or so the first of the week.

J. W. Sexton was on the sick list a day or so the first of the week.

Mrs. Eugene Nell spent several days of last week visiting in Columbia.

J. F. Pendleton, the well-known stock man of Greensburg, was here the first of the week looking after hogs and cattle.

Mr. Toliver, of Lebanon, Tenn., was in our midst one day last week looking after mules.

Quite a number of extra good mule colts in this community this spring.

Mr. and Mrs. C. O. Moss and their son, James, visited relatives near Fairplay, the first of the week.

Mrs. Cetta Nell, who has been confined to her room for several months with rheumatism, is improving at this time.

James Gilpin and son, of Sparksville, were in our midst last week. Mr. Gilpin informed us that he had turned loose a nice bunch of young cattle at a fancy price to some parties near Columbia.

We are glad to report that Mrs. Amos Keltner, who has been on the sick list for several weeks, is improving at this time.

Uncle Charlie Yates sold last week to Willie Yarbey & Son, of Breeding, a fine young peacock colt. We did not learn the price.

Mr. Thos. Dowell informed us that the sale of land of the late Mr. Dowell of Metcalfe Co., had been put off until some future date.

Quite a lot of hogs are being fed in this community at this time for this spring market.

W. L. Grady has recently sold two Jennets and a very fine Jack to some parties near South at a fancy price. Mr. Grady says it does pay to have good stock and to keep well advertised.

Mrs. T. J. Keltner, of Kemp, has been visiting her brother, Amos Keltner and family, at this place for the past week or so.

Nat Walker, of Columbia, was calling on his friends in this section a day or so of last week.

Mr. James Hagan, of Greensburg, one of the best mill men of the State, has been here for the past week overhauling the mill for Rodgers & Dowell. Mr. Hagan says the mill is in fine shape and prepared to make the best grade of flour.

BALL CHIEF 3806 ASHR.

For the Season of 1916 I Will Offer for Public Service

BALL CHIEF, 3806, A. S. H. R.

AT
\$25.00

TO INSURE A LIVING COLT

DESCRIPTION:—Ball Chief, in color is a rich red chestnut, star and snip, left hind pastern white, 7 years old, 16 hands high, has fine head and beautiful long slender, tapering ears, has an extremely long thin blade neck, that comes out of his perfectly formed withers in faultless fashion and tapers perfectly to his beautiful head in which are set a pair of large expressive eyes. He has a high well set natural tail, which he carries at all times to suit the most fastidious. He has a good short back and a most excellent set of feet and legs. He is nicely broken and gaited, and goes all the gaits in a most attractive manner.

While he has not been extensively shown, yet, he has contended for honors in some of the best congregations of show horses and his many winnings are proof of his powers to meet the requirements in the best show rings. As a breeder he is in the front rank, transmitting to his get, form, size, style and manner of going that are his characteristics and which make, not only the show animal, but the general utility horse—the horse that will always live in the fancy of men and perform the service in that manner that will command a fancy price.

BALL CHIEF has for his sire the champion Montgomery Chief 1361, by Bourbon Chief 976, by Harrison Chief 1606, he by Clark Chief. 1st dam Louise Cabell 5900, by Red Squirrel 53. 2nd dam Juella C. by Jewell Denmark 70, he by Washington Denmark 64. 3rd dam Dew Drop, by Artist 75. 4th dam by Cabell's Lexington. He has proven himself a breeder of high-class and is in every way worthy of your careful consideration.

Raven Bird 6550 A. S. H. R.

By Red Bird G. 1956, he by Joe Brown 1853, he by Cabell's Lexington 3234, he by Gist's Black Hawk. 1st dam Aethalia Thompson 13038, by Ottawa 232, by Red Squirrel 53. 2nd dam Nellie Ray, by Thompson's Lexington, he by Cabell's Lexington. 3rd dam Stella Denmark by Caldwell's Denmark. 4th dam Bonnie Brown, by Nat Brown SL.

Raven Bird is a beautiful mahogany bay, full 16 hands high, 8 years old, he has the best of eyes, feet and legs, a beautiful head and neck, a very well set tail, which he at all times carries to perfection. He possesses extreme speed, style and action, and the most perfect disposition of any stallion I have ever seen or handled. He has five distinct gaits, and goes them all in a most attractive manner. You will note from his breeding that he has for his sire the famous old Red Bird, who has perhaps sired as many high-class show and sale horses as any stallion in Kentucky, and traces on his dam's side to Cabell's Lexington, conceded by all horsemen to be one of the greatest sires that ever lived. Raven Bird is one of Red Bird's greatest sons and has proved himself an excellent breeder, and we have every reason to believe that, if he is given an opportunity he will make a reputation equal to that of his worthy sire. Service fee \$10.00 to insure a living colt.

I am prepared to take care of mares sent to me from a distance. Mares pastured at ten cents per day or fed at \$10. per month. In all cases money is due and must be paid when mares are bred to other stock, traded, parted with or removed from neighborhood. All stock will receive our personal attention, and due care will be taken to prevent accidents or escapes, but will not be responsible should any occur.

A. S. CHEWNING, = = Columbia, Ky.

W. P. Price is the only farmer in our neighborhood that farms right. He is sub-soiling all his land this spring, and any one passing Price's farm will soon see that it pays. It is equal to 200 pounds of fertilizer to the acre to sub soil.

Tom Rogers is making the saw mill pay this week. He don't take time to blow the whistle. He thinks they are going to call for him in Mexico. I guess that is the reason he don't blow the whistle.

Our Sunday school is on a boom at this time. Mr. E. A. Rose is our Superintendent and he is all the time looking for new members, and if any one don't want to join, it will pay to keep out of the sight of Mr. Rose, or he won't let him have any excuse for not coming.

Wheat is looking fine in this neighborhood.

Dove Derting is running the exchange for Rogers & Dowell. Come on boys we keep the right kind of flour and meal.

Which Do You Prefer?

It is important for reasons of health and practical economy for every housekeeper to ask herself this question:

"Do I prefer a pure baking powder like Royal, made of cream of tartar derived from grapes, or am I willing to use a baking powder made of alum or phosphate, both derived from mineral sources?"

The names of the ingredients printed on the label show whether the kind you are now using or *any brand, new or old, that may be offered* is a genuine cream of tartar powder, or merely a phosphate or alum compound.

Royal Baking Powder contains no alum nor phosphate.

Personals.

Mr. Wm. Butler is in a very low state of health.

Mr. G. W. Brockman, Amandaville, was here Thursday.

Mr. Ray Montgomery was confined to his room all last week.

Mr. J. A. Willis is confined to his home, a victim of lagrippe.

Mrs. Patsy Willis and Mr. Ed Willis left for Eugene, Oregon, Monday.

Judge Rollin Hurt left home Saturday afternoon, to resume duties at Frankfort.

Mr. Ezra Moore, Jamestown, made a business trip to this place a few days since.

Mr. G. C. Cheatham, Bakerton, and Mr. John Goff, Creelsboro, visited here last Friday and Saturday.

Mrs. Willie B. Hynes and her daughter, Miss Agnes, went to Louisville last Thursday.

Mr. A. B. Gowdy, Campbellsville, spent last week with relatives and friends in Columbia.

Mr. and Mrs. C. S. Harris made a visit to Hardin county, and also Louisville, last week.

Messrs. John Q. Alexander, Charles Barbee, R. J. Lyon and Jo Hurt, Campbellsville, were here a few days ago.

Mr. Phillips, who is the city marshal of Bardstown, a brother of Mrs. A. R. Feese, visited in Cane Valley and also Columbia last week.

Miss Linnie Hutchison, who is boarding with her grandmother and attending the Lindsey-Wilson, was quite sick last week, but is much better at this writing.

General Jas. Garnett, Mrs. Garnett and their little son, James, arrived in Columbia last Friday night from Louisville, for a short visit to relatives and friends. They stopped at the home of Mr. W. A. Coffey.

Dr. W. G. Hunter, Louisville, made a business trip to Columbia last week. He was accompanied by Gen. James Garnett. These gentlemen brought interesting information, touching the building of a railroad to Columbia.

Mr. George T. Flowers, Jr., of Frazier, Wayne county, came over last week, and will be here some days, under the treatment of Dr. James Menzies, being afflicted with rheumatism. Every body was glad to see him, but sorry to see him suffering in the flesh.

Eld. J. Q. Montgomery and his son, C. F. Montgomery, left Liberty early last Friday morning, in an auto, hoping to reach this county in time to attend the funeral of Mr. Wm. Montgomery, who was an uncle, but they got stuck in the mud on Green river, and did not reach here until the funeral was over. From here the senior Montgomery went to Cave City and the younger returned home via Lebanon.

Mr. A. O. Taylor, of this place, has accepted a position in Mr. E. T. Willis' drugstore, Cave City, Ky., and left for that point last Thursday morning. Mr. Taylor is an experienced druggist, a registered pharmacist, and is a most excellent gentleman. In his departure Columbia loses one of her most reliable citizens, and Cave City becomes the gainer. Mrs. Taylor, who is a most excellent lady, will follow her husband in a few weeks.

There are new comers in the homes of W. P. Rice and J. L. Robertson. Both are proud possessors of girls.

Leonard Jones, a nine year old son of G. L. Jones, was attacked by a jack Wednesday. He was bridling the jack preparatory to taking him to water. He was grabbed and thrown to the ground inflicting a painful wound on his leg. The boys' mother heard the outcry, and drove the animal off with a club. It is fortunate that he was not killed.

Guy Mardis had the misfortune to lose a three year old horse Saturday. He was watering two of his horses, when one of them kicked the other one, thus breaking a leg which necessitated the killing of the horse.

Thomas Taylor was elected as delegate to attend the approaching session of Transylvania Presbytry which convenes at Perryville on the 18th inst.

George Griffin, who has been attending school at Bowling Green, has returned home.

Mr. I. K. Miller and sons are going to pike the public road from Burdick to their home. They built one mile of road last fall, and the presumption is that they have contracted for two automobiles for their convenience. Their progressiveness and energy is worth a great deal to our neighborhood. They are model patterns, and every one feels encouraged to do likewise.

Charles Stegers, who went to Sharon Penn., reports that he has secured a good paying position.

Miss Lou Willie Griffin, one of our most successful teachers, is taking a special course at the Western Normal Bowling Green. Several of our public teachers are attending school there and it has a telling effect on their work.

Rev. J. S. Chandler is conducting a series of meetings at the Methodist church, Campbellsville. The attendance is large, and a great deal of interest is being manifested.

Quite a large delegation of Mannsville citizens were before the fiscal court last Tuesday, to place in a petition for a bridge across Robinson creek at that point. Their offer was taken into consideration by the court, and they were encouraged in the belief that they would secure the necessary help. The ford at that place is almost impassable to cross and a bridge has been needed for years. Road and bridge building interest is meeting the popular favor of nearly every one.

James Sapp bought 12 steers from J. Scott Buchanan for \$630. They were feeders.

Several of the farmers here are placing in a pair of stock scales. They will be a great help to our local dealers.

Mr. J. Dan Miller, who had a serious operation performed some weeks ago, is not regaining his health, and is considered in a critical condition.

The farmers of our county are further behind with their work than in a number of years. Wheat, oats and grasses are looking well. Tobacco plants are going to be scarce. The prospects for fruits are flattering to the present, but the unfair weather will probably cut the crop.

Lindsey Smith, who was kicked by a horse at the home of Dole Spear, is getting along nicely. The bone below the knee was fractured.

Mr. Joe Miller, who had typhoid fever as far back as last August, has never recovered enough to leave his room. A number of set backs has placed him in a serious condition.

Hucksters are quite numerous with us. Each farm house is canvassed several times each week. A number of them could be worth more to our community by tilling the soil. We need more producers to help feed hungry people.

Clayton Turner, who had his arm broken cranking a Rapid Transit truck, is recovering to his satisfaction. The art of cranking is so fascinating that he continues to the work.

J. F. Campbell has been disabled by a large boil on his hand for several days.

Rev. M. D. Prescott and family will leave shortly for Illinois to make their future home.

Obituary.

On the 24th of Mch., the death
angel visited Jamestown and
claimed for its own Russell coun-
ty's Jailer, Mr. Rufus Campbell.
He was born Sept., 21, 1876.
Married to Miss Ollie B. Sulli-
van Feb., 17 1907. Died March
24th 1916. He was thirty-eight
years, six months and three days
old. He and his wife had lived
happy together from the wed-
ding day until he died, which
was nine years, one month and
seven days. He leaves one
beautiful bright faced little
girl that was born unto
them. He went down at a
throne of grace about six months
before his death, and found the
gift of God. He left bright evi-
dence that as his soul took its
departure that it was carried by
angels to Abraham's bosom. He
told his wife to meet him in heav-
en; and said to many others "I will
be better off." He put his arms
around his wife's brother's neck
just a moment before he died and
said "I am going home." He was
perfectly at himself to the end.
He gave his wife in-
structions how to manage the
business and gave instructions
for his body to be carried back
to their farm home and carried
into the house and to have his
funeral preached at the house
which was done in the presence
of a very large audience.

On the morning of the 25th
of March all of the county of-
ficers and all of the lawyers of
Jamestown and many devoted
friends gathered at the county
Jail. This was quite a sad scene.
There was a short service held.
It consisted of singing, reading
some scripture and prayer, after
which the casket was closed and
removed from the room to the
waiting hearse. There was
much weeping as the casket
which held the lifeless form was
carried from the house and plac-
ed in the hearse. As the hearse
drove for the farm home of
Mr. and Mrs. Campbell, a long
procession followed which grad-
ually increased from Jamestown.
The funeral was preached by the
writer and Rev. J. T. Sullivan,
of Denmark.

Safe Medicine for Children.

"Is it safe?" is the first question
to be considered when buying cough
medicine for children. Chamberlain's
Cough Remedy has long been a favor-
ite with mothers of young children as
it contains no opium or other narcotic,
and may be given to a child as con-
fidently as to an adult. It is pleasant
to take, too, which is of great im-
portance when a medicine must be given
to young children. This remedy is
most effectual in relieving coughs,
colds and croup. For sale by Paull
Drug Co. Adv.

In Memory of Mrs. Dellie Bryant.

The saddest hours that ever
came to our home were those of
March 22nd, when God sent the
messenger of death to convey
the spirit of dear mother to her
heavenly home. Oh, the bitter
anguish! It seemed we could not
bear, when we realized that
Mother could never speak to us
again. Our best friend. Her
counsel and kind words had been
an inspiration to us so long.
She was the most patient suffer-
er I ever knew. I never heard
her complain during her long
affliction, but was always inter-
ested in the welfare of her fam-
ily and neighbors, always greet-
ing her many friends who visit-
ed her daily, with a smile and
cheerful word. Oh, we miss her
sweet presence and her words of
encouragement. We are so sad
and lonely, yet we rejoice to

know that she is free from pain,
and it will not be long if we fol-
low her example, till we will see
mother again. She will be
missed by the entire neighbor-
hood. I never saw as many
tears shed by children as there
were over her. All the children
in the community called her
"Aunt Dellie." She was kind to
every one, and didn't know what
it was to have an enemy. She
would sometimes remark how
easy it was to live right.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

House Without Nails.

A specimen of the architectural and building abilities of George Washington is a brick house still standing in good repair which was built by the father of his country in 1790 at Glasgow, Ky., although it was Fairfax Co., Va., when it was built. The building is a residence constructed by Gen. Washington for the use of his cousin, Gen. Spottiswood, who was governor of Virginia at that time. General Spottiswoods was by nature of a very retiring disposition, and later became a recluse. The walls are of solid brick, thirty-six inches thick, and the floors are of hardwood, two inches thick made of chestnut and laid with dowel pins. The original roof was hand drawn chestnut shingles, one-half inch thick and fastened with wooden pins. There is not a shingle nail in the entire building, for nails were not manufactured at that time. The glass used in the building was imported from France, as none was made here, and many of the original panes are still doing duty, but the action of the weather has had the effect of wearing them away, until they now are a little thicker than a sheet of paper.—Southern Architect and Building News.

Why Constipation Injures.

The bowels are the natural sewerage system of the body. When they become obstructed by constipation a part of the poisonous matter which they should carry off is absorbed into the system, making you feel dull and stupid, and interfering with the digestion and assimilation of food. This condition is quickly relieved by Chamberlain's Tablets. Obtainable at Paull Drug Co. Adv.

Professor Pickering of Harvard will contribute a decidedly interesting article on "Life on the Moon" to The Youth's Companion of April 6th. It will be illustrated with many new photographs and drawings.

Fashion Fads.

The fashion of panniers is successful only for evening gowns.

Cotton voile will be more than ever used for waists and dresses. Medium-sized handbags, in fabrics and in leathers, are correct.

Salmon pink is regarded as no longer desirable for evening wear.

Some ruffled dresses have their waists very short in the front.

One of the new wing-shaped hats strongly suggests the aeroplane.

Parasols will be slightly smaller, with rather long, highly decorated handles.

Skirts have the circular, semi-circular, the gored or the slightly draped skirts.

White shoes will be very fashionable, the Colonial patterns being most favored.

The old-fashioned pointed bodice is seen with the very full skirt in evening frocks.

White blouses will have touches of color by means of vests, boleros, collars and cuffs.

A great deal can be done with bias bands of contrasting color in trimming a little girl's dress.

Spring.

Spring is looked upon by many as the most delightful season of the year but this cannot be said of the rheumatic. The cold and damp weather brings on rheumatic pains which are anything but pleasant. They can be relieved, however, by applying Chamberlain's Liniment. Obtainable at Paull Drug Co. Adv.

Metcalfe county, Saturday, voted a 60,000 bond issue for roads.

Backache, headache,
dragging pains
Nothing relieved
me until I took
Peruna

Thousands of the best women in the world are bearing the burden of backache, headache, dragging pains, a miserable half-dead, half-alive condition, produced by chronic internal derangements. Mrs. Joseph Lacelle, 124 Glenora Ave., Ottawa East, Ontario, Canada, is one of the fair women of America who has had her experience with this sort of a burden. Her experience is similar to the multitude of other women whose letters are recorded in the "Ills of Life." A copy of this free booklet ought to be in the hands of every housewife in the United States. Read what Mrs. Lacelle says:

"I suffered with backache, headache and dragging pains for over nine months, and nothing relieved me until I took Peruna. This medicine is by far better than any other medicine for these troubles. A few bottles relieved me of my miserable half-dead, half-alive condition. I am now in good health, have neither ache nor pain, nor have I had any for the past year. If every suffering woman would take Peruna, they would soon know its value and never be without it."

Dresses are finished with every kind of cape imaginable.

The hat fitting closely to the head crown still holds its place.

A black straw toque has a tall crown of black velvet.

Many of the separate skirts for spring are of plain silk.

Combinations of various materials will be used in skirts.

Veils will be in great favor, draped veils being most worn.

Dinner gowns cut very short indeed as surprising but chic.

Some short evening gowns have two trains—one at each side.

Long coats for dressy costumes continue to be very much decorated.

Some blue serge frocks have many flounces, each bound with black braid.

Blue batiste ribbons and hems are seen in some of the finest French lingerie.

Many of the new silk skirts are finished at the waist with an upstanding frill.

Violet faille and violet tulle embroidered with silver make a charming dinner gown.

Capes, real or simulated, appear on bodices, blouses, suit, coats and separate coats.

"Joe" Cleveland Bay.

This celebrated Stallion will make the season of 1916 at my barn 4½ miles south of Columbia, and 1½ miles west of Gadberry on Pettits Fork creek, and will serve mares at \$7.00 to insure a living colt. He has proven to be a good breeder.

JOE is a dark bay, 16 hands high, heavy built, good style, has the best of eyes, feet and legs, and in fact a perfect model in every respect. He is the best and quietest work horse I ever saw, and a fine driver for women with perfect safety, so he needs no further introduction.

Money due when colt is foaled. All care will be taken to prevent accidents but not responsible should they occur.

JOE was sired by Cleveland Bay, and his first dam was a Lexington. Call and see my horse if interested or phone me.

1916

1916

DESCRIPTION: Noble is a Beautiful Bay with star and hind feet white. Is 15 3-4 hands high, has fine head and a Beautiful, long goose neck that comes of his weathers in the Peacock style. He is extremely fine from end to end. He carries a wonderful waterspout tail, goes the five gaits correctly, fast and in Brilliant form, everything considered, is the most attractive horse of the present time. Those owning good mares and want to breed to a very fine horse should not overlook this fine horse. His colts are evidence of his breeding, the best colts of any horse in Southern Kentucky. Last year his colts wore the Blue Tie from sucklings to 2-year-olds. They were shown at Columbia, Horse Cave, Glasgow, Tompkinsville, and at the State Fair, at Edmonton, Ky. They were always in the money. His colts are large and fine and about one half of them are chestnut color. He marks them nicely and puts on 3 coats of paint,

Noble Peacock, 6828, by Jordan Peacock, No. 1148, he by Peacock, 498, he by Blue Jeans, No. 3. Jordan's dam, Lena Rivers, No. 760, she by Cabbell's Lexington, 3234, he by Gist's Blackhawk. Noble's dam by Artist Jewel, 882, he by 2nd Jewel, 84, he by Jewel Denmark, 70. Noble's 2nd dam by Artist, 75, he by King William, 67, Artist's dam, Lucy, No. 50. Noble's 3rd dam by Counselor. You can see from the pedigree there is no better bred horse than Noble Peacock.

Eight Big Mammoth Jacks

I have 8 Jacks and will stand just as many of them as will take to accommodate all that come. You will not have to wait, or go home and come back some other time.

JACK NO. ONE.

At the head of this great herd of Jacks is Highway, 8 years old last October, 15½ hands high and has sired more first-class mules than any Jack that was ever in Adair county. A number of his colts has sold as high as \$125.00 at weaning time and \$440 a pair at 2 years old and he is the surest Jack I have ever seen.

He was sired by L. W. Preston's fine Jack Highway at Glasgow, Ky., and he by Napoleon a 16 hand Jack at Lexington that sold for \$1,500.00. Highway's dam was by Gov. St. John, a 16½ hand Blue-Grass Jack and he was by Gov. Wood, one of the best Jacks that is living or dead. Highways 2nd dam was by Hubbles Brignolia a \$1,500.

JACK NO. TWO.

Is Kentucky's choice. A black Jack 16½ hands. 4 years old and the Jack that won the Blue Ribbon at the Columbia Fair last August. Choice is Black with white points. 16½ hands high, 4 years. Ears 36 inches from tip to tip of ear. 118 inches from tip to root of tail. 72 inches round girth, 22 inches round the arm. 16 inch knee. 28 inches at stifled joint. 22 inches round the hock and wears a No. 3 shoe.

Choice was sired by Highway dam by the Sam Akens Jack, 4 miles west of Greensburg, Ky., a Jack that sold for \$900.00. Choice 2nd dam by Terry's Liberty, a Jack that sold for \$1,200.

JACK NO. THREE.

Is Kentucky's best 3 years old, 15½ hands high. Sired by Highway and first dam by Gov. St. John; 2nd dam by Imp Leon, 15½ hands, 3rd dam by Terry's Liberty.

JACK NO. FOUR.

Is George Washington, 3 years old, 15½ hands by Black Diamond he by Gov. Wood, Dam by Imp Leon.

JACK NO. FIVE.

Is Happie Jack 15 hands, 4 year old, and as fine as split silk. This Jack won the Red Ribbon at the Columbia Fair last August, showed some first-class mules last year.

JACK NO. SIX.

Is Jack O'Diamonds 5 years old, sired by G. Y. Thompson's 16 hand Jack and Dam by Gov. St. John, a 14 hand Jack. This Jack has shown some Extra mules, some of them 14 hands at weaning time.

JACKS NO. SEVEN AND EIGHT.

Is 2 years old, by Highway and Black Diamond. My Jacks are all well broken and under good control. I have been in the breeding business 38 years, and know how to handle them. If you want the best come to my place and you will get it. Fee \$10, for mare mule and \$8 for horse mule, due when colt is foaled or mare traded. Pasture at 50 cents per week or fed at cost of feed. All care will be taken, but not responsible for any accidents.
